

Tiny Photon LED Light is Brighter Than Daylight!

Pitch Dark Phone Room...
Photon LED Light allows you to see colors brighter than daylight!

\$18.95 ea.

3 @ \$16.95

10 @ \$14.95

#T009T

How is that possible?

Unbelievably Bright **White** LED looks like a lightning bolt!
Do NOT look into this light!

30 Day Moneyback Guarantee!

Squeeze ON or use Slide-Switch Includes Clip
Runs 7 Hours on Included Replaceable Lithium Batteries!

This is the smallest, lightest flashlight you can carry, but it's as bright as one 100 times its size!

Every tech should have one with them!

Put on your Keychain, or use the included Clip!
