

**We're all working together to get your orders out the same day. Just call us by 3:00 PM Chicago time...**

Do you **HAVE** to anchor the wires to the building (to meet code), but you **CAN'T** get to the ceiling or truss?

**Nail or screw our Red Plastic Cable Support to the wall or header!**

#KI T8C

Mount Horizontally or Vertically

Holds 6 CAT 5 or 4 Pair, and 1 COAX Cable

Bag of 20: \$ 4.95

Sorry, we don't have a counter. Everything gets shipped out of our warehouse - that's loaded with parts!

Here's a look at our warehouse where Andy, Don, Mike, Terry and Al do a great job!

Barb, Bill, Brian, Donna, Thomas, John and Mike are in our office!

**Ad Space is Available in our Unique Telecom Catalog!**

We reserve the right to accept ads for unique and unusual, quality items that would be useful to our customers.

*Reach 29,000 companies very inexpensively!*

Every Handset is Tested on a Working System!

We custom build handsets for almost any kind of phone!

Call us by 3PM Chicago time, and we usually ship the same day!

These are the birds you hear... Sitting on Donna's Pink Cadillac. Now there are 6!

**How is it done?** Our catalog is entirely done electronically in our in-house production facility by Chuck Hall and Mike Sandman using Pagemaker 6.5. Photos are electronically taken and digitized. Graphics are cleaned up and edited using Photoshop. Nothing is pasted together - it's all done electronically!

Our printer gets postscript files on a CD or over the Internet, from which they create the negatives on a Linotronic Imagesetter.

29,000 copies are printed on newsprint on a web press by Des Plaines Publishing.
