

Phone Men Usually Don't Need Wrenches...  
That's why they need the **Scanic Wrench!**

**\$29.95**

Can't slip! Grips on 4 sides.

Made in Sweden of  
Highest Quality Steel

Adjustable from  
1/4" to 1" and  
5 to 25mm

I used mine the first day I got it, to tighten the battery cables on my van.  
*It got me going!* This one wrench takes the place of a box full of heavy wrenches that phone men just don't need!
