

# World's Best Toilet Seat *IntiMist*

**Electronic Heated Toilet Seat, with 2 Heated Water BIDET Streams!**

**Electronically Temperature & Water Pressure Controlled!**

Moneyback Guarantee does not apply once box is opened, for health reasons!

**New Model... Lower Price!**

I know, I know. But you're already spending big bucks on power seats and windows in your car... This is an investment that you're going to use for years to come. Push the button on the waterproof control panel and one of two bidet nozzles magically extends about six inches, then starts spraying. The water temperature and heated seat are electronically controlled from the control panel. **In Japan, 70% of the homes have one of these! What are we, chopped Sushi?**

**ON SALE This Month... NEW LOW PRICE!**

**Only \$749.95**  
Reg. \$799.95

**You've waited long enough. It's time to buy one!**

**You spent more than this on power seats and door locks for your car!**

• This unit comes with an easy "T" fitting that lets you splice into the water line going up into your toilet tank. I installed ours in about 20 minutes.

• Obvious health benefits • Call Donna and ask her what she thinks of hers!

• Being an uncouth phone man, the first bidet I ever saw was fixing phones at the Ritz Carlton in Chicago. The bidets in the big bucks suites were ridiculous... turn on the faucets to adjust the temperature, and the water sprays straight up - soaking any clothes you might be wearing! With our electronic unit, wear a suit or dress - it's the same as using a regular toilet!

## How can you reduce your service inventory by half?

### "Fix It On Site"

Our Customers say they can

**Fix 60% to 70% of the phones they were sending out before!**

**Many of those were fixed right on the customers desk in minutes!**

### TRAINING VIDEO

- 2 Solid Hours of Opening Up Phones, Looking for Common things that Go Wrong, and FIXING 'EM!
- Covers *all* types of phones. No electronics training needed! Whether you've been fixing phones for 2 weeks or 20 years, you should be able to go out and pay for this tape in a couple of hours!

#### Topics Covered:

- Quick Check of the Phone
- Finding Replacement Parts
- Desoldering Techniques
- Checking Handsets & Cords
- Transmitters & Receivers
- Fixing Bad Volume Controls

- Lots and Lots of TIPS!
- Replacing Hookswitches
- Replacing Line Key Switches
- Replacing Chips
- Systems w/ Paired Stations
- Swapping PROMS on Boards
- Refurbishing Techniques

- Using Correct Modular Plugs
- Fixing Rubber Buttons & Keys
- Fixing Buttons that are Stuck or Fall Off
- Fixing Merlin Membranes & Dials
- Burnishing Contacts in Switches & Dials
- Static Electricity Problems
- Reduce Service Calls w/RJ11's

*Here's what our customers are saying (in use at over a thousand interconnects):*

"The guys really *didn't* want to come in on Saturday and watch it, but by the end of the tape they were excited to go out and try these new ideas!"

"Watched it Saturday, by 10AM Monday saved \$100!" • "Made a big difference at our company... Thanks!"

"I knew some of this stuff, but seeing it done gave me the confidence to go out and do it!" • "Best Training Tape I've Seen!"

"I really liked your Video... especially when you dropped that box of parts and just went right on!"

"I watch the Training Video along with every new tech we hire, and I learn something new each time!"

*Money Back Guarantee*

**\$79.95, but mention this ad for \$30 OFF... or Buy BOTH "Fix It On Site" and "Installation Secrets" for \$89.95 (6 Hours of Critical Information!)**

**Tiny Lock Back Pocket Knife**  
High Quality!

2 1/2" Closed 1/2 Serrated Blade #HND2P

**\$3.49**

10 @ \$2.99 Ea.

## Finish the Job with our Phone Cleaner Kit!

**No One Product Will Make Your Phones Look Like New, But Our Kit Will!**

**Our Kit Contains 7 Chemicals, plus our Magic Brush for \$39.95:**

1. **Tape & Label Remover** (80% of our phones come back with 911 or directory stickers).
2. **Super 7000 Ink Remover** (for ink drawn around and around where the handset hangs up).
3. **Cord Cleaner** (cords are cheap, but if it's an oddball color, it'll look better clean than with wrong color).
4. **General Cleaner** (spray it on - wait 30 seconds for the chemical to work - brush everywhere on the phone and handset with our **Magic Brush** to get all of the holes, grills and crevices clean).
5. **Foaming Cleaner** (cleaner with wax base, let dry to haze and polish off with towel - works great on dark colored phones like Merlin).
6. **Spray Telephone Polish** (make those dark colored phones shine - fills in little scratches).
7. **Spray Magic Glass & Utility Cleaner** (this was recently reformulated to remove the CFCs for the government. It turned out to be the most amazing general purpose cleaner we've ever seen, but it's more expensive to use than our liquid cleaners due to the spray can... use it for *anything and everything*).

**Our Magic Brush does it right!** (2" by 2" medium

bristle brush w/long handle [we've tried dozens, this one works great... a toothbrush is too small and time consuming!] cleans speaker grills, crevices between case and handset top & bottom, holes in handset for the xmitter & rec. [you DON'T want to open the handset to clean it - it'll make you throw up!]). **\$6.50 ea. separately**

**Kit Does 50 to 100 Phones!**

Non-Toxic • Very mild fragrances • NO Headache Formula! Our Cleaners are Specially Formulated to Clean WITHOUT BREAKING DOWN THE GLAZE on the phone! Other cleaning products, alcohol and lighter fluid will dull the finish where you rub to get the area clean. If you've already got dull spots, use our Telephone Polish to make it SHINE again!

#### Bottles / Cans:

HPC TELEPHONE POLISH (12 oz. spray can)	\$ 8.25
