

More Paging Stuff on Pages 40, 69 & 73!

This is one of those things I wish I'd had over the last 20 years!

The closest thing you'll find to the Ginzu Knife for Telephone Men!

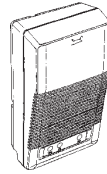

Duet Plus

World's Best Sounding External Ringer!

\$89.95

AC Adapter Included #SWI 8C

100% Adjustable Sound!

Create a Common Audible Ringer using this Wizards's Tool Box™ Relay!

#MON4F

Use 1 Relay per line. Just bridge all of the Normally Open Contacts together on the **Duet Plus!** Add more lines anytime!

Universal Ring Relay
40-150VAC at 15-60HZ
1 Form C
WTB-871120-20HS
\$20.95 Per Line

NEW!

Record Voice, Music or Sounds!

102db

\$9.95

3 @ \$8.95

5"

#SWI 5H

8 Ohms

15 Watts

Use up to 3 Horns:

Really Loud! Get 3.5 Watts of Power when used with the **Duet Plus!**

Don't forget about our **Solid Wire 15' 2 Pair Cords** - they make it easy to install the **Duet Plus** on a modular jack! **\$2.99**

2 Watt Utility Amplifier

MOH Booster 8 Ohms Speaker Amp
24VDC 150ma • 500ma Cube **\$13.99**
(For MOH use 100ma Cube @ \$8.95)

\$64.95
#SWI 8E

- Electronic Office Ringer with Built-in Speaker. Sounds LOTS Better than Many Phone Systems (Up to 93db Using Built-in Speaker with Volume Control)
- Electronic Ringer has Variable Warble Tone to Drive **Speaker** or **Paging Amplifier**
- Electronic Ringer Activated by Dry Closure, 3-60 Volts DC or AC, or Ring Voltage
- 3.5 Watt Page Amp Drives 8 Ohm Horn (Very Loud... 117db Using Built-in Vol. Control!)
- Change Jumper to use Duet Plus as Preamp for Paging System (10,000 Ohms Imp.)
- Connects to the **Speaker** in Electronic Phones to Amplify the Ring or Intercom
- Audio Control Relay - Listens for sound and activates Electronic Ringer!
- **Special Norstar Station Set Loud Ringing - Connects to Headset Jack on Meridian Set** Ringing is on headset jack when no headset is plugged in! **Cord #SER7A: \$5.99 ea.**

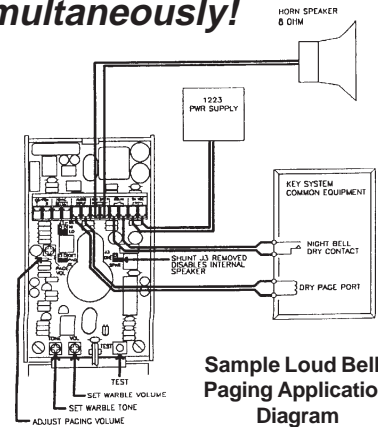

ALL THESE THINGS WILL WORK AT THE SAME TIME!

Paging **and** Ringer Activated by Multiple Sources:
90V, Dry Closure etc... **Simultaneously!**

Can you imagine the number of times you could have whipped a **Duet Plus** out of your bag, and finished exactly what the customer wanted right there and then?

The **Duet Plus** is a little expensive because it does so much, but when you look at the cost of going back to the shop and ordering some kind of special equipment to do the job, and then having to go back and install it, you can see the savings of carrying this baby in your truck!

If you don't order one for your truck now, think of me when the customer is asking you to do one of these things (**I won't say I told you so!**).

Sample Loud Bell / Paging Application Diagram

AUDIO CONTROL RELAY

- When it hears audio, relay activates!
- Use for **MUTING MUSIC** while paging.
- Also use to sense silence!
