Phone Men Usually Don't Need Wrenches...

\$29.95

Made in Sweden of Highest Quality Steel

That's why they need the **Scanic Wrench!**

#HND9C

Adjustable from 1/4" to 1" and 5 to 25mm

Can't slip! Grips on 4 sides.

I used mine the first day I got it, to tighten the battery cables on my van. It got me going! This one wrench takes the place of a box full of heavy wrenches that phone men just don't need!

NEW! Finest Quality Combination Tool...
