### Wheelock Power Bell / Horn Replacement

The Power Bell & Horn is no longer made, but the replacement costs less and gives you:

- Selectable choice of 4 sounds: Horn, Bell, Vibrating Chime & Single Chime
- Adjust the sound to your customer's environment! If the ambient noise is a low rumble, choose a high sound... if it's a high noise, choose a low sound!
- Selectable choice of activation: 24 VDC, 24VAC, 48VDC & 90 V Ringing
- High dba (109 db) • Low REN
- RJ11C Jack • Dip Switch Select
- Tamper Resistant Volume Cont.
